GENERAL INFORMATION AND FILM PERMIT REQUIREMENTS

Thank you for choosing California City for your film project. Film Permit fees apply to profit and non-profit organizations, student and independent film makers.

Please return this completed application packet to the Planning Department at the address listed above, or you may fax it to (760) 373-7529. It is important to complete and return all the forms requested. Failure to do so, will delay processing and review of your application packet. Additional time for processing may be required depending on the size and duration of the project. All fees must be paid prior to filming.

WHAT ARE THE FEES?

Fees are established according to the **California City Master Fee Resolution**:

(1) For the use of public areas of City property, other than municipal airport property: \$100.00 per day per site. For use of airport closure, the charge shall be \$5,000 per day.

(2) For the use of portions of source area of the California City Municipal Airport: \$1,000.00 per day per site.

(3) For services of City personnel necessary for the safe conduct of filming activity at a City owned site: Actual cost of the City personnel. As used herein actual cost includes salary, benefits, plus 15 percent of salary.

(4) City vehicles necessary to stand by the filming activities to ensure public safety, health and welfare of the community: Equipment shall be paid for at the current rates established for rental of City equipment.

(b) The fees and charges described above shall be paid to the City at the time of the application for the filming activity permit, based upon the applicant's estimate or 2 hours, whichever is more. Filming activities shall cease as of the time stated in the permit or when the applicant's estimate is exceeded, whichever occurs first, unless additional fees are deposited prior to any extension of the filming activities. If the activity is canceled less than 72 hours before the scheduled commencement time, a cancellation penalty of \$200.00 per cancellation shall be deducted from the deposit.

ADDITIONAL FEES

The City of California City requires a Film Permit Business License. The form is included in this packet and remains in the Planning Department as a part of the overall film permit.

NOTE: State fee of \$1.00 per year is added to all new or renewing Business License Fees as per Senate Bill (SB) 1186.
